

## **WHY ANOTHER DEMOCRATIC PARTY MILITARY CONFLICT?**

**During this election year, why does the Democratic Party consider it a good opportunity to involve the American military, in yet another conflict which is resulting in the deaths of so many innocent civilians.**

**The Houthi Hamas conflict has absolutely no act on America or American security. And I believe that even if there is or was no provocation against the U. S., there can be no justification for the unprovoked, wholesale killing of third world citizen. America is a country under God's Divine providence and God ask Christians NOT to kill. Yet again, the Democratic Party continues to KILL.**
