The suggested link will tell you about the 600 Billion dollar trade expansion under construction in the northern Mexico NUEVO LEON Industrial Park.

Under what Mexico and it Asian partners are calling “NEARSHORING” the plants for 3rd countries are to invest over 12B to cheat the American govern of future import tax and duties.

The Democratic and Republican parties are aware of this project and sees it as yet another opportunity to “enrich” their personal wealth.

It is my belief that the two parties are collaborating in facilitating in import of future cheap labor.

Please check that link. Inform yours. Ask questions of the two parties.

Why do they Mexico to continuously abuse our southern border?
