

Quoted from the Declaration of Independence:

When It Becomes Necessary

All men and women are equal, and they are endowed by their Creator with certain unalienable Rights which include Life, Liberty, and Pursuits. Elected governments derive their just powers from the consent of the **“Governed.”**

It is clear that mankind is likely to suffer when exposed to Evil Governments. It becomes the right, it is the duty of the Governed to throw off such Governments.

Throw off the Evils.
